

JOIN THE COLLABORATIVE!

Recognizing that no one organization or sector can solve complex problems alone, Jersey Water Works facilitates collaboration across organizations and industry sectors. Jersey Water Works is open to all interested individuals and organizations who commit to working towards the shared purpose and goals.

PURPOSE: Jersey Water Works is working to transform New Jersey’s inadequate water infrastructure through investments in sustainable, cost-effective solutions that provide communities with clean water and waterways; healthier, safer neighborhoods; flood and climate resilience; local jobs; and economic growth.

SHARED GOALS:

Effective and Financially Sustainable Systems: Communities maintain and improve drinking water, wastewater and stormwater infrastructure systems to deliver quality water services that meet community needs. Operating budgets and capital investment are adequate and affordable, resulting in systems that operate efficiently and in a state of good repair.

Empowered Stakeholders: Well-informed decision makers, community partners, residents and ratepayers participate actively and influence the planning and management of their water infrastructure. They fully understand the importance of taking care of water

Successful and Beneficial Green Infrastructure: Communities employ green infrastructure in a way that maximizes community benefits including reduced flooding and improved water quality, local economies, community health and long-term resiliency.

Smart Combined Sewer Overflow (CSO) Plans: Municipalities and utilities adopt innovative CSO Long Term Control Plans (LTCPs) with cost-effective solutions that meet or exceed permit requirements and provide multiple community benefits.

INTERESTED IN JOINING?

Learn more about the benefits.

PARTICIPATE	RECEIVE	COMMUNICATE	BE FEATURED
in the work of Jersey Water Works and contribute at your level and on the issues you care about	a bi-weekly email with updates, funding opportunities, news and resources	with other members via the communications portal where you can access updates and resources	in the monthly eNewsletter, and starting in January, on JerseyWaterWorks.org

HOW TO JOIN:

A. Fill out the Jersey Water Works Membership Agreement on the reverse of this paper and either give it to a Jersey Water Works staff member or scan and send to info@jerseywaterworks.org

OR

B. Visit njfuture.org/water (coming soon JerseyWaterWorks.org!) to fill out the form electronically

A staff member will be in touch shortly afterward to thank you for your interest and welcome you to Jersey Water Works!

Smart infrastructure. Strong communities.

MEMBERSHIP AGREEMENT

By submitting this completed membership agreement you are agreeing to:

- Support the shared purpose and goals, either as an individual or representative of an organization
- Champion the Jersey Water Works activities, including best practices, policy initiatives and awareness-raising efforts, that align with your organization’s or your individual mission and values
- Implement and/or support water infrastructure solutions in your organization or community

Members receive:

- An invitation to all full group meetings and to join a committee
- A bi-weekly email with updates, news and resources
- Access to all updates and resources via an account on the communications portal

Jersey Water Works staff does the following to support the organization:

- Facilitates member engagement, and coordinates and connects members for meetings
- Drives and protects the common agenda
- Supports and/or provides technical assistance/training for members
- Develops and leverages assets – funding, expertise and passion
- Manages financial infrastructure and internal and external communications
- Monitors progress towards goals

Sign Up for the Monthly eNewsletter

I’d like to sign up for the monthly eNewsletter, which highlights news, information, and resources about efforts to upgrade New Jersey’s urban water infrastructure.

Sign Up for a Committee (optional):

By submitting a completed membership agreement, you may join one or more of the committees listed below, to help set the annual work plan and work on implementation:

Asset Management and Finance

Education and Outreach

Green Infrastructure

Combined Sewer Overflow

I’m interested in joining a committee. Please send me more information.
