NOTICE

**Distribution System Improvement Charge (“DSIC”) for Sewer Utilities
Stakeholder Meeting—October 19, 2017**

The staff of the Board of Public Utilities (“BPU”) invites all interested parties to a stakeholder meeting regarding a potential Distribution System Improvement Charge (“DSIC”) for sewer utilities. The current DSIC is a regulatory mechanism which creates a financial incentive for water utilities to accelerate the level of investment needed to promote the timely rehabilitation or replacement of certain non-revenue producing critical water infrastructure.

Staff will update its existing contact list of interested parties from the initial meeting, which will be used for notification of any future meetings or to circulate any relevant information. No further official notice will be given in the future. If you have questions, please contact Mona Mosser in the Division of Water at 609-292-2317 or via email at mona.mosser@bpu.nj.gov.
